

Caledonia Community Schools

2020 BOND

Community Update - October 12, 2022

BONDUPDATE

In May 2020, the community passed the five-year \$88 million bond for infrastructure and other improvements within the school district. It has been and will continue to be a significantly challenging construction environment. Supply chain and manufacturing delays have changed the way we need to think and operate our construction.

As shared in recent Board of Education bond updates, we are seeing that economic pressures in construction are pushing our costs to build projects significantly higher, thus leaving a tough decision for our school board.

Special Meeting - October 11, 2022

The Caledonia Community Schools Board of Education has decided to move forward with finishing the list of projects remaining and place a bond issue on the ballot for a NEW Dutton Elementary.

Moving Forward...

Finish the LIST

- Classroom additions at Cal Elementary
- Playground additions/repairs at three Elem Schools
- Interior doors and hardware updates at six schools
- Improvements to the existing football stadium
- General Landscaping at six schools
- Interior signage at three Elementary Schools
- Monument signs at five schools
- Classroom furniture at six schools
- Connecting the High School campus (North/South)
- Flooring at the High School North
- Bleachers and mat hoists at the HS secondary gyms
- Site security gate behind the HS South
- Main entry door system replacement at Emmons
- Athletics training facility
- School bus covering structure
- Add turf to the existing football field
- All previously removed projects will be reviewed

Review the LIST

The administration and board will review all items listed above and other projects that were removed for cost reductions previously and finalize the list once project costs have been updated.

BOND for NEW Dutton

BOND for: New Dutton (DE)
