

December 8, 2021

Dear Caledonia Community Schools community,

Good morning. In light of recent school attacks in our state and the large number of threats that are coming in towards schools around the state, we will be conducting an additional Dialogue with Doc and the Deputy session focused solely on school safety. Dr. Martin, along with Deputy Frederick from the Kent County Sheriff Department will be available on **Thursday, December 16th at 6:00 pm in the Duncan Lake Middle School Performing Arts Center**, to allow families an opportunity to hear about safety protocols in place for Caledonia Community Schools and ask questions.

We understand the very real pressure and fear that our students are feeling and know that our parents and staff are equally concerned. We remain committed to the safety of all students and staff. Our collaborative relationship with local law enforcement and the community is a big part of keeping our schools safe. We hope you can join us for this informative meeting and open dialogue session with local law enforcement professionals.

Sincerely,

A handwritten signature in black ink that reads "Dr. Dedrick Martin".

Dr. Dedrick Martin
Superintendent
